

MODEL2-----AT01-H

Wireless Charging System :
18650(2200mAh/4.2V)can
be Fully Charged in 5-7 hours

- ▶ Convenient Charging
- ▶ Powerful Charging

The O-rings are protected well by the Wireless charger system, Because of not take out the battery when need charging.

- ▶ Convenient Charging
- ▶ Wonderful Waterproof
- ▶ A Variable Output Magnetic Switch

Wonderful structure for dive:
The body is made of ONLY ONE section of aluminum.

- ▶ Wonderful Waterproof Structure

Max Output 800lm
Beam distance 292 meters

- ▶ Exceptionally Powerful Beam

Charger: Base Wireless Charger
Lamp: CREE XM-L T6
Max Output: 800 lumens
Battery Type: Li-ion 1X18650 Rechargeable Battery (2200mAh/4.2V)
Runtime for Max Time: 1 (hrs)
Fully Charged Time: 5~7 (hrs)
Usage: Scuba diving, hunting, spear-fishing , dive research, etc...
Waterproof IP Rating: Ip68
Body Material: Aluminum Alloy
Color: Black
Switch: Slide Magnetic Switch
Adjustable Range: 40-800 lumens
Certification: CE, EMC, LVD, RoHS
Warranty: 1(Year)
Length: 195mm Head Diameter:φ 47.5mm Body Diameterφ 31.2mm
Weight: 422g (Included Battery)
